From The Principal...

Dear Parents/Carers

I would like to acknowledge our staff and many parents who supported our students to have a fabulous learning experience during our Beyond Boundaries Adventure program last week.

Adventure programs provide students with an opportunity to face new challenges, overcome fears and build on personal strengths. Many children return home from the outdoor adventure experience with increased confidence and independence as well as a clearer understanding of why we need to co-operate with each other. The social benefits of such an experience are immeasurable. Enclosed are some highlights from the week:

I went on the flying fox and I felt quite scared. I was in my very tight harness and it was squeezing me so tight, I felt like I was going to explode! I went up the steps slowly. When I looked at how high I was I was nervous and had butterflies in my tummy. As my harness was getting clipped on it was like a swirling storm was inside my tummy. Then I felt most nervous when I was about to push myself off and then... off I went. I looked back at the people who were watching me, I looked down at the lake but saw nothing at all. And then I landed roughly. I climbed down the ladder and ran back up the hill, I was not scared or nervous anymore. I wished I could go again!

Nina 3A

When I got in the canoe my heart was racing and I was sweating. They paired us up. I felt like we were going to tip over, my heart was going faster each second and I said to myself, "I never should have done this!" When we finished I wanted to do it all again!

Livinia 3A

My stretch moment of fear.

I visited camp Coonawarra and it was by far the best camp I’ve ever been on. My stretch moment consisted of fear when I was horse riding. Clip, clop goes the heels of my horse. We head down a very steep hill that seemed like it went down forever. My mind was racing; What if I get flicked off my horse? What if my horse trips and collapses? But another side of my mind was thinking, I can push on and do it and that’s what happened and I was safe.

Charlize 5A

My Stretch Moment

‘BOOM,’ my heart pounds over and over again, my body gets the shivers, what to do but scream, shout and shut my eyes. I shut my eyes and hope for the best. The giant swing was a great experience to get over my fear of heights.

Many of the conversations that I had with parents in the week leading up to Beyond Boundaries were around resilience. Most of the definitions around resilience centre on that ability to bounce back from adversity (toughness and recovery skills). However there are three other aspects to resilience. It is also a learned ability to: thrive on challenges (engagement and optimism); positively impact on others (empathy and compassion) and to reach ones full potential (exercise talents in a meaningful way).

All parents have the best intentions in relation to the decisions that they make for their children. However, Michael Grose argues that the quest of wanting the very best for their children can sometimes cause parents to unwittingly make decisions that do not promote resilience. The promotion of resilience is in the best interests of a child’s long term development. Michael Grose has identified seven ways that parents can help their children to learn to be resilient.

1. **Give children the opportunity to develop their own resourcefulness.**

There is nothing wrong with supporting a child when they have a difficulty inside or outside of school. However, it is important that arguing for them when they struggle should be the last resort not the first option.

2. **Make their problem, their problem.**

Parents should encourage their children to take responsibility for and to solve issues. For example a child should be encouraged to decide when they should or should not put on their jumper.

3. **Make decisions for children and expect them to adjust and cope.**

While it is appropriate for children to have a say in what happens to them, there needs to be a balance to ensure that children don’t take the easy option to avoid hard or unpleasant situations.

4. **Keep expectations in line with children’s abilities and don’t put excessive pressure on them.**

Expectations about success and achievement are important. However, if the expectations are too low the student will meet them too easily and not necessarily grow or learn. If the expectations are too high, the student can give up and still not achieve anything. If there are too many expectations, the student can experience anxiety.

5. **Encourage Children to complete what they have started even if the results aren’t perfect.**

Resilient learners link success with effort. They don’t give up because they don’t like the teacher or when confronted with more complex activities. Similarly they don’t drop out of a sporting team half way through the season because the team is not winning or they are not enjoying it.

6. **Don’t routinely do for children what they can do for themselves.**

Parents are encouraged to develop in children the skills of independent living from an early age so that they can learn to look after themselves.

7. **Overcoming Challenges enables children to grow and improve.**

There are times when children are put in situations that are outside their comfort zones. For example singing in a school production, giving a talk, going away on an adventure experience may be challenging for some students. However, if children are allowed to opt out of these situations then they are robbed of a learning opportunity. Sometimes the manageable hardships that children experience such as a best friend not being in their class, not being invited to a party or completing a difficult school project are fabulous learning opportunities.

Both parents and educators have a valuable role to play in helping children to stretch and grow.

On Tuesday morning our choir performed at K-Mart at Stud Park Shopping Centre. This was part of the launch of “Wishing Tree”, an annual charity event. Our students were stunning! The audience clearly enjoyed the performance.

We wish to advise families at Rowville Primary School, that a parent and two students in our school community are currently receiving medical treatment and as such have a suppressed immune system. A major concern is if this parent or student develops Measles, Chickenpox or Slapped Cheek, they can become seriously ill. We seek your cooperation in preventing this situation.

If your son/daughter has or may have measles, mumps, chickenpox or slapped cheek it is requested that you do not send them to school during this period and notify the school office immediately.

Children with Chickenpox must not attend school and need to remain at home until all blisters have dried which is usually at least 5 days after the rash appears. Children with Measles must not attend school and need to remain home for at least 4 days after the

**Victorian Premiers’ Reading Challenge**

The Achievement Certificates and bookmarks for every student who met the Victorian Premiers’ Reading Challenge have been distributed this week. Every student who registered, 306 of you, met the challenge. The Premier of Victoria, The Hon Daniel Andrews MP, sent a letter of congratulations along with the certificates and a thank you to all members of the school community for supporting the Reading Challenge. In part he said “It is refreshing to see that despite the rise of smartphones, social media and videogames, students are still enjoying a good book. Reading opens a child’s eyes to the world, inspires curiosity, builds knowledge and improves literacy skills.”

Mrs Searl and I would like to say well done to all of our students and we hope you take up the challenge again next year.

The next meeting for FORPS (Friends of Rowville Primary School) will be held on Monday 21st November at 7.30pm in the school staff room. All members of the Rowville Primary School community are welcome to attend. The AGM will be held in February.

New volunteers are always welcome to join or help our Friends of Rowville Primary School group. If you would like to assist with any of the activities FORPS organise please attend the next meeting or leave your name at the office and one of our friendly team will be in contact.

Please make regular checks to ensure your child has all absences and late arrivals to school approved on Compass. Parents are notified on the top right section of the Compass home page in the new feed if there are late arrivals or absences to be approved.

Absences can be entered in advance on Compass by Parents. Once an absence is entered, there is no need to telephone the school to notify us that your child is absent for the day.

We thank you for your assistance in this matter and ask you to telephone the school should you have any queries regarding this process.

**Commonwealth Bank School Banking**

School Banking is every Friday at Rowville Primary School

Please remember to order your rewards when your child has collected 10 silver tokens. The last opportunity to order rewards in 2016 will be Friday 2nd December.

The following rewards are no longer available.
- Backtrack Eraser Pen
- Jump and skip rope
- 2015 Galaxy Gliders

Introductions

Hello Rowville Primary School! My name is Brodie Taylor and I am the ongoing coordinator for the Outside School Hours Care (or OSHC) program. This is our first newsletter which I am very excited about! In this newsletter for OSHC you will find information about what is happening at the service for the week, any exciting news, and important information for parents!

Week 7, Term 4

This week’s theme is Super Heroes! We are going to be making our own pop stick super heroes, make super hero masks, do a super hero scavenger hunt, play a group game of super hero bash, and on Friday this week children have the opportunity to come to After School Care (or ASC) as their favourite super hero!!

PARENTS PLEASE NOTE:

1. It is of high importance that you **CANCEL** your child if they are **NOT** attending either before or after school care. You can cancel your child through the parent portal, call the customer care number, or speak to staff in person at the service.

2. Please ensure that your child has a hat for ASC as we are now following our sunsmart policy. All children are required to wear a hat if they would like to go outside.

3. If any parents have any ideas of what they would like to see happen in before and after school care, please drop in for a chat we are always looking for new ideas!

4. Does your child do any outer school activities? If so, we would love to have some brochures to put in our community folder to help recruit any other children that are looking for outer school activities!

We’re here to make after school care visits the best experience possible – for you and your child.

If you have any questions about the program – please feel free to drop by, meet the team and see what happens in after school care first hand.

We look forward to seeing you soon.

The Camp Australia Team.

School Savers Charity Group

A group of year 10 students from the MSA Academy at Rowville Secondary College, Western Campus, would like to promote a charity project, School Savers, which they are involved with. School Savers is a charity group run by the Rowville Lysterfield Interact Club. We aim to collect school supplies (such as notebooks, novels, pens, pencils etc.) and send them over to a school in a remote country area in South Africa.

We invite our school community to donate stationary items which can be left at the Rowville Primary School office and these will be passed onto the students organising this event.
