

Lemon Cordial

Rowville Primary School
Kitchen Garden Recipe

Ingredients

2Kg White Sugar,

1 Lt Water,

30g Citric Acid,

30g Tartaric Acid,

1 Cup Lemon Juice,

Zest of 2 Lemons.

Equipment

Scales

Measuring Jug

Citrus Zester

Citrus Juicer

Large Saucepan

Wooden Spoon

Sterilized Bottles

Funnel

Method

Put sugar and water into the saucepan. Heat until sugar is dissolved and clear. Add the citric and tartaric acid, stir until dissolved. Cool.

Stir in the juice and zest. Use the funnel to pour the cordial into the bottles and seal.
